

Stonehaven Approved Exterior Stain Colors

Ficus Green - Sherwin Williams #3520

Banyon (light brown) - Sherwin Williams #3522

Chestnut (dark brown) - Sherwin Williams #3524

Prior to selecting stains for your home, you must obtain approval from the Architectural Review Committee (ARC) regarding use of the stains, e.g. which colors will be used and on what parts of the exterior will each color be applied.

Please review the Architectural Control Requirements in the Stonehaven Declarations and/or the Architectural Control Summaries on the Stonehaven website for guidance as to how to submit an ARC request and exterior home staining guidelines and requirements.
